6. ☐ Interview Summary (PTO-413),
Paper No./Mail Date _____.
7. ☐ Examiner's Amendment/Comment
8. ☒ Examiner's Statement of Reasons for Allowance
9. ☐ Other _____.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

This communication is an Examiner's reasons for allowance in response to application filed on 08/05/2003, assigned serial 10/634,374 and titled "Electronic Guide System, Contents Server for Electronic Guide System, Portable Electronic Guide Device, and Information Processing Method for Electronic Guide System."

The following is the Examiner's statement of reasons for the indication of allowable subject matter:

The prior art fail to suggest or disclose a content server including the following: "guide information transmitting means for transmitting guide information to a terminal through a network, the guide information including site information and map data, the site information including site positional information for specifying a position of a site, the map data including positional information on a map for each site; user information receiving means for receiving user information generated by a user and for correlating the user information to the guide information; guide content generating means for generating guide content that includes the guide information, the user information, and a utility program, the utility program for causing a portable device to utilize the guide information by relating the guide information with the user information and to display the site information on the map by matching the site positional information to the site information on the map; utilizing information receiving means for receiving utilizing information for the utility program from the terminal; driving means for executing the utility program in accordance with the utilizing information to obtain an execution result; execution result transmitting means for transmitting the execution result to the terminal".

For that reason, the application is now set in a condition of allowance.

Conclusions

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tuan C To whose telephone number is (571) 272-6985. The examiner can normally be reached on from 8:00AM to 5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jack Keith can be reached on 571-272-6878.

The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
